Suspension of school in particular district(s)

In exceptional circumstances, EDB may announce the suspension of classes in a particular district or certain districts. If this is the case, students whose schools are located in such district(s) as well as students who live in such district(s) need not go to school. Our school belongs to the district of Kowloon City.

Exceptional situations

Parents should be advised that they should exercise their discretion in deciding whether or not to send their children to school at the time of inclement weather. They should keep their children at home if they consider that local weather, road, slope or traffic conditions at that time have yet to resume normal. After that, they should hand in a parent's letter to the school. Alternative arrangements regarding school assessments or examinations will be made for students who cannot return to school or arrive late because of inclement weather, road, slope or traffic conditions. Parents should pay attention to the announcements made via the radio, television or mobile application "GovHK Notifications" when tropical cyclones are affecting Hong Kong. Please complete the following reply slip on or before 5th September, 2022. Thank you for your attention.

Yours faithfully,
Miss. W. Y. Yick
Headmistress
